

DELUXE POWER GRIP

3DS-DPG

FOR USE WITH
NINTENDO™ 3DS

If you love the comfortable, familiar feel of a console controller and are also unsatisfied with the short life of the Nintendo 3DS™ battery, then we've got just what you're looking for! CTA Digital introduces the sleek and luxurious Power Grip for Nintendo 3DS™. With extended use handheld systems can tire and cramp your hands, shortening the gaming experience. With the Power Grip for 3DS™ this is not an issue, whether you're racing cars or playing your favorite platform game, the added comfort will help you maneuver your way through games with precision.

Charge the grip with the included USB Cable or your original 3DS™ AC adapter and you've just doubled the battery life of your 3DS™. The LED light on the power grip will turn from red to blue when the grip is fully charged. It will remain blue while switched ON and charging your 3DS™. When you need to rest your hands from all the intense gaming, you can prop up the grip by using the integrated stand, which can also store an extra 3DS™ game. So with the Power Grip from CTA Digital you can enjoy all the freedom of a handheld console, the comfort of a controller, and double the battery life of your 3DS™.

Features Include:

- Integrated Stand with 1 3DS™ game slot.
- Light-weight and comfortable design.
- On/ Off switch for extra battery power from the Grip.
- Full accessibility to all the 3DS™ buttons, headphone jack, sliders and game slot.
- Play your 3DS™ 2x longer than with the 3DS's internal battery alone.
- Charge with included USB cable or your 3DS AC adapter

**3DS Console not included.*

Specifications:

- 6-6.5 hours for a full battery pack charge
- 3-3.5 hours to fully charge your 3DS™
- Input: DC 5.0 V, 400mAh
- Output: DC4.8 V, 800mAh
